Dimensions

Piece dimensions Height x Width x Depth (mm):	200 x 625 x 0
Para Armario - Alto x Ancho x Profundo (mm):	0 x 800 x 0

Technical data

Maximum plate load (kg):	600
--------------------------	-----

Electrical properties

Materials

Calidad del material:	Galvanised steel
Materiales libres de halógenos:	No
Thickness (mm):	2
Templado:	No

More information

Additional Information:	The partial plates are fixed using support 48472 to mounting profiles installed in the enclosure structure. These elements must be ordered separately, depending on the depth and the internal configuration of the enclosure. These profiles may be type PME, PMR, PMI, PMIR, PMB.
Characteristics:	Designed for mounting MCCBs in a horizontal position. They have lateral openings that allow the exit and orientation of cables or plates towards the rear of the enclosure. Fixed to the vertical profiles of the structure.
